Synergy map and combined service offering

05 Investment Opportunity

Financeability, European access, and international positioning

APC Petroleum CA

Integrated Industrial Energy Ecosystem

- ▶ Six specialized companies operating in synergy across the energy, oil and gas, industrial engineering, and technical services sectors.
- ▶ The pioneering company, Consorcio Paldaca C.A., acts as the connecting hub, providing infrastructure, equipment, and logistical support to all subsidiaries.
- ▶ Each company has a defined specialty and its own target market, eliminating internal competition and maximizing value for the client.
- ▶ This model replicates the structure of large international industrial services conglomerates.
- ▶ International presence in Venezuela, Portugal (EU), and the United States.

6

Specialized Companies

CONSORCIO PALDACA C.A.

Engineering · Procurement · Construction

Founded: 2000

Main Services

- ▶ Comprehensive execution of EPC projects: process, mechanical, civil, piping, instrumentation, electrical
- ▶ Group's physical hub: offices, workshop, warehouse, light and heavy equipment
- ▶ Anchor company providing infrastructure to all entities in the group
- ▶ Projects in the oil, petrochemical, energy, gas, and industrial sectors

★ *Group company with full-cycle EPC capability*

ORINOCO ENERGY C.A.

Fiscal Measurement · Instrumentation

Founded: 2018

Main Services

- ▶ Design and execution of fiscal measurement projects for liquid and gaseous hydrocarbons
- ▶ Procurement and installation of flow meters, transducers, and SCADA systems
- ▶ Instrumentation engineering applied to the oil industry
- ▶ Supply of specialized technical personnel (professional technical assistance)

★ *Mature company with operational and commercial capacity*

SERVICIOS Y SOLUCIONES API C.A. (SSAPI)

Technical Inspection · API Standards · Well Testing

Founded: 2023

Main Services

- ▶ Inspection of API 653 tanks, API 510 pressure vessels, and API 570 piping
- ▶ Predictive inspection of rotating equipment and failure mode analysis
- ▶ Well testing and sampling of liquid and gaseous hydrocarbon
- ▶ Over 50,000 engineering hours executed with a proven track record

★ *International API 510 and API 653 certifications*

RELIA TECH GLOBAL

Industrial Reliability · Asset Management · Industry 4.0

Founded: 2026

Main Services

- ▶ RCM – Reliability-Centered Maintenance under ISO 55000
- ▶ Deployment of IIoT platforms for real-time industrial monitoring
- ▶ FMEA failure mode analysis and predictive inspections
- ▶ CMMS/EAM data taxonomy and proprietary software development

★ *High-value-added company – scalable digital products*

KINETIC SCALE PROYECTOS LDA (KSP)

European Gateway · EU Financing · Import and Representation

Founded: 2022 · Mealhada, Portugal

Main Services

- ▶ EU-domiciled entity: access to European banking and financing
- ▶ Group's representative before European suppliers and investors
- ▶ Strategic partnerships with technology suppliers (Deliservices BV, Endress+Hauser, Pietro Fiorentini, Siemens, etc.)
- ▶ Import channel for materials and technology into Venezuela

★ *Key for European financing – not subject to OFAC restrictions*

TRADE ENERGY & SERVICES CO (TESCO)

Procurement from the U.S. · International Trade

Founded: 2018 · United States

Main Services

- ▶ Import and export of industrial and energy products
- ▶ Specialized procurement of materials and equipment in the North American market
- ▶ Engineering and consulting for energy projects
- ▶ Future platform for contracts with Chevron/Shell under OFAC compliance

⚠ **Operations only under OFAC compliance**★ *U.S. legal entity ready for post-sanctions expansion*

04 INTEGRATED ECOSYSTEM · Synergies and Value Chain

Company	Specialty	Main Market	Key Contribution to the Group
Consorcio Paldaca C.A.	Engineering, Procurement, and Construction	Oil, Petrochemical, Energy, Gas, and Industrial Sectors	Logistics hub, equipment, full EPC execution for all the group's projects
Orinoco Energy C.A.	Supply of Equipment for Hydrocarbon Fiscal Measurement and Process Instruments	Oil Industry / Measurement and Control	Instrumentation, supply of specialized technical personnel
SSAPI C.A.	API Inspections of Static Equipment and Predictive Inspections of Rotating Equipment, Well Testing and Sampling	Oil, Petrochemical, and General Industrial Sectors	Technical certification, API standards, inspection–reliability bridge
Reliatech Global	Industrial Reliability, Asset Management, and Industry 4.0	Oil, Petrochemical, Mining, and General Industrial Sectors	Digital intelligence, ISO 55000, software development
KSP LDA	Procurement with Strategic Partners and EU Financing Management	EU Suppliers / European Banking	Access to European financing, technology imports, international credibility
TESCO	Procurement and Trade from the U.S.	North American and Latin American Market	Access to the U.S. market and technology under full OFAC compliance

Build

Paldaca executes the physical construction

Certify

SSAPI validates with API standards

Measure

Orinoco ensures fiscal accuracy

Optimize

ReliaTech delivers 4.0 reliability

Finance

KSP opens access to European capital

Trade

TESCO connects global markets

Why invest in or partner with APC Petroleum C.A.?

Comprehensive Industrial Capability

EPC + Inspection + Reliability + Measurement — under a single holding company.

Multi-Jurisdictional Presence

Operations in Venezuela with corporate vehicles in the EU (Portugal) and the U.S. for international contracting.

Access to European Financing

KSP (Portugal) provides access to European bank credit under internationalization schemes — not subject to OFAC.

Market Timing in Venezuela

Reactivation of the oil sector underway. Record demand for inspection, measurement, and reliability.

Technological Advantage

ReliaTech Global brings Industry 4.0 / IIoT capabilities that are scarce in the Venezuelan market — regionally scalable.
